

About us

The Black Pig restaurant is located in Playa de Muro, about 100m from the beach. It is a small restaurant run by Polish-Argentinian family.

The name of the restaurant comes from the Majorcan black pigs: Porc Negre Mallorquí, bred only on the island. It is from this pork that the world-famous Sobrasada Mallorquina is made.

In Mallorca, food is an indispensable element of the local lifestyle. The best food is prepared by hand from high-quality ingredients, so we buy vegetables and fruit from Majorcan producers. Seafood and fish are provided by local fishermen. Our wines come from, among others, the Mallorcan wineries of Binissalem and Santa Maria. Our cuisine meets the flavors of sunny Majorca, elegant Spain, charming Italy and even colorful South America. The restaurant menu offers a balance of unique dishes with our daily diet in mind. So you can eat meat, vegetarian, vegan, gluten-free and lactose-free dishes. Our menu is perfectly complemented by an extensive list of local, Spanish and Argentinian wines, including local dishes, tapas, paellas, grilled fish, Argentinean steaks, homemade burgers and authentic Italian flavors.

At Black Pig, we also think about our little clients - a play corner equipped with kitchens, books and coloring books awaits them, so that parents can have lunch in peace. The children's menu is "pampered" and 100% homemade.

The atmosphere and design of the restaurant is perfect for families with children, for a getaway with friends and for couples. In our restaurant we will help you organize birthdays and other special events.
